

Stahlschlüssel • Key to Steel

The worldwide competent cross reference work

25. edition 2019

**Book, CD-ROM for Windows or Online
For everybody dealing with steel**

Indispensable for ...

- the purchaser
- the mechanical engineer
- the designer
- the technical merchant
- the storeman
- the standards department
- the export department
- the heat treatment department
- the storekeeper
- the material testing department

Structural and Constructional Steels

General structural steel, case hardening steel, nitriding steel, free cutting-steel, heat-treatable steel, ball and roller bearing steel, spring steel, steel for superficial hardening, steel for cold extrusion, tough at subzero steel, pressure vessel steel, heat resisting structural steel, fine grained structural steel

Tool Steels

Carbon tool steel, high speed steel, hot work tool steel, cold work tool steel

Stainless Steels

Valve steels

High temperature steels and alloys

Non-magnetizable steels

Stainless steels and castings

Heat-resisting steels and castings

Heat conductor alloys

Welding filler materials

www.online.stahlschluesel.de

More than 75 000 standards and steel-brands of approx. 300 steelworks and suppliers.

Standards and designations from:

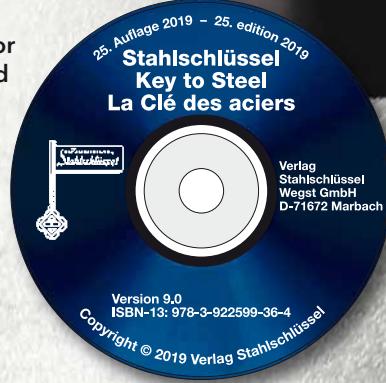

Australia · Austria · Brasil · Bulgaria · Canada · China · Czech/Slovak Republic · Finland · France · Germany · Great Britain · Hungary · India · Italy · Japan · Korea · Norway · Poland · Rumania · Russia · Serbia · South Africa · Spain · Sweden · USA

Standards referenced:

ACI · AFNOR NF · AISI · AMS · AS/NZS · ASME · ASTM · AWS · BDS · BS · CSA · ČSN · EN · FEDERAL · GB · GOST · IS · ISC · ISO · JB · JIS · KS · MIL · MSZ · NS · ÖNORM · PN · SAE · SANS · SRPS (JUS) · SS · STAS/SR · STN · UNE · UNI · UNS · YB

The electronic Key to Steel - Stahlschlüssel offers you additional possibilities:

- ▶ Direct access to standard numbers, symbols and designations (also with jokers)
- ▶ Search of materials by chemical composition or mechanical/physical properties with optimized algorithm
- ▶ Listing of all materials mentioned within a standard
- ▶ Direct comparison of international designations
- ▶ List of suppliers of a defined material. German suppliers with a rough classification to shape of delivery
- ▶ Printout of the selected material data
- ▶ Export/Import-function of material numbers, symbols and compositions for individual materials
- ▶ Choice of language: German, English, French or for CD-ROM a user-defined language
- ▶ Online-Helps, self-explaining screens

Recommended system requirements for CD-ROM:

3 GHz Pentium 4-compatible Microprocessor or higher, 1 GB RAM, VGA-graphics card with 32-bit colours, 1024 x 768 resolution, CD-ROM/DVD-drive

Supported operating systems for CD-ROM:

Win 2000 SP6, WinXP SP3, Windows Vista, Windows 7, Win 8, Win 10

CD-ROM or 3 years online

ISBN-13: 978-3-922599-36-4

CD-ROM Online

€ 630,- € 570,-

€ 720,- € 655,-

on demand

- ▶ List of EN material numbers in numerical order
- ▶ Who supplies which steel
- ▶ Table of international suppliers
- ▶ Table of shape and condition of product
- ▶ List of international designations and trade names in alphabetical order
- ▶ In three languages: German, English and French

Browser-based web application.
