CH	1.8901 (CH)	SN EN 10025-3
CS	1.8901 (CS)	SRPS EN 10025-3

Structural and Constructional Steels

General structural steel, case hardening steel, nitriding steel, free cutting-steel, heat-treatable steel, ball and roller bearing steel, spring steel, steel for superficial hardening, steel for cold extrusion, tough at subzero steel, pressure vessel steel, heat resisting structural steel, fine grained structural steel

Tool Steels

Carbon tool steel, high speed steel, hot work tool steel, cold work tool steel

Stainless Steels

Valve steels
High temperature steels and alloys
Non-magnetizable steels
Stainless steels and castings
Heat-resisting steels and castings
Heat conductor alloys
Welding filler materials

More than 95 000 standards and steel-brands of approx. 300 steelworks and suppliers.

Standards and designations from:

Australia · Austria · Brasil · Bulgaria · Canada · China · Czech/Slovak Republic · Finland · France · Germany · Great Britain · Hungary · India · Italy · Japan · Korea · Norway · Poland · Rumania · Russia · Serbia · South Africa · Spain · Sweden · USA

**The browser-based Web Application
ONLINE::Stahlschlüssel - Key to Steel
offers you additional possibilities:**

- ▶ No installation required
- ▶ Direct access to standard numbers, symbols and designations (also with jokers)
- ▶ Search of materials by chemical composition or mechanical/physical properties with optimized algorithm
- ▶ Listing of all materials mentioned within a standard
- ▶ Direct comparison of international designations
- ▶ Listing of suppliers of a specific material. German suppliers with a rough categorisation according to shape and condition of product
- ▶ Printout of the selected material data
- ▶ Comparison of different materials (by composition or properties)
- ▶ Composition calculator
- ▶ Export/Import-function of material numbers, symbols and compositions for individual materials
- ▶ Choice of language: German, English, French
- ▶ Online-Helps, self-explaining screens

- ▶ List of EN material numbers in numerical order
- ▶ Who supplies which steel
- ▶ Table of international suppliers
- ▶ Table of shape and condition of product
- ▶ List of international designations and trade names in alphabetical order
- ▶ In three languages: German, English and French
